Multi-Purpose Cleaner

Powered by innovative probiotic technology, this ph-neutral Multi-Purpose Cleaner eliminates dirt, dust and odour-causing particles, leaving surfaces sparkling clean and fresh.

What makes it different?

Our pH-neutral probiotic formula provides a deep and effective clean on all hard surfaces — breaking down grime and eliminating odours at the source, with effects that last well beyond application.

Water-free, highly concentrated, soluble granular formulation is designed for maximum sustainability, cutting plastic waste, storage space and transport costs.

Where can I use it?

- ☑ All hard surfaces, including floors and walls
- ☑ Furniture & appliances

What does it remove?

- ☑ Dirt, soil & grime
- ☑ Light grease and hand marks
- ☑ Organic residues
- ☑ Sources of odour

Benefits

- ☑ Removes odours at the source
- ☑ Powerful probiotics that clean 24/7
- ☑ Suitable for spray cleaning and wet mopping
- ☑ 100% biodegradable

How do I use Multi-Purpose Cleaner?

Surface cleaning

1. Add 1 scoop of Multi-Purpose Cleaner powder to a 500 mL bottle
2. Fill the bottle to the shoulder with warm or cold water
3. Shake until the product has completely dissolved
4. Spray onto cloth or directly onto all surfaces
5. Wipe away dust, dirt and grime leaving surfaces spotless!

Wet mopping

1. Pour granules into mop bucket - use 1 level scoop for every 5 litres
2. Add water – hot or cold can be used – granules dissolve rapidly
3. Mop all flooring surfaces – tiles, vinyl, laminates, stone and wood
