

SCALEZAP

A heavy-duty biological descaler that obliterates tough limescale buildup in toilets and pipework, delivering unmatched cleaning power

What makes it different?

SCALEZAP utilises powerful organic agents to break down stubborn limescale, without the need for excessive scrubbing or repeated applications, leaving surfaces clean. It is both fast-acting and effective.

Benefits

- ✓ Fast acting formula
- ✓ Non-corrosive
- ✓ Removes stubborn limescale
- ✓ No intense scrubbing needed

Where can I use it?

- ✓ Toilets
- ✓ Sinks
- ✓ Baths
- ✓ Areas with stubborn scale build-up

Before SCALEZAP

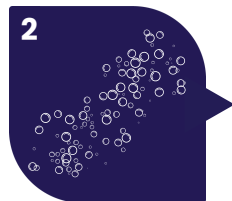

After SCALEZAP

How do I use SCALEZAP?

1 Place 4 scoops directly into the toilet, sink or pipework

2 The product dissolves, activating powerful organic descaling agents.

3 Scrub toilet bowl or around the impacted pipework

4 Leave overnight for maximum scale removal
