

# Toilet Cleaner

Eliminates stains, grime, and odours at the source, providing a deep clean that keeps working long after application.

## What makes it different?

Unlike traditional cleaners, we use soluble sachets that dissolve upon contact with water, eliminating the need to ship liquid, significantly reducing environmental impact.

This powerful cleaner, removes and prevents limescale and mineral deposits throughout the entire toilet bowl, including the rim and around the bend, and provides 24-hour odour removal.

## What does it remove?

✓ Limescale, stains and grime

✓ Odour

## Benefits

✓ 100% biodegradable

✓ Fresh citrus fragrance

✓ Powerful probiotics that clean 24/7

✓ Environmentally friendly

✓ Non-toxic to humans and animals

✓ Not tested on animals

## How do I use Toilet Cleaner?

1 Rinse a 1L bottle and fill halfway with warm or cold water

2 Insert the whole sachet into the bottle

3 Screw cap on firmly and shake vigorously for 60 seconds

4 Fill the rest of the bottle with warm or cold water and shake

5 Product is ready to use, or allow to rest for 1 hour for the formulation to activate for maximum efficacy
