

# URIZAP Shock

Fast-acting urinal shock treatment that eliminates blockages & odours within a week

## Why businesses choose URIZAP Shock

- 
**Fast acting**  
 Rapid results in under a week without downtime. Ideal for high-traffic facilities
- 
**Cost-effective**  
 Replaces expensive rodding, chemical treatments, pipe repairs and labour hours
- 
**Simple to use**  
 Easy scoop-and-pour application, no specialist tools, training or PPE needed.

## Sustainable by design

- Non-toxic and non-corrosive formula, powered by clean chemistry
- Maintains infrastructure longevity
- 100% biodegradable, non-toxic formula
- Enables users to reduce urinal flushing requirements

## Cost & storage advantages

- 
 1 Pouch
- 
 Plumbers, rodding, or harsh chemical use
- Costs as little as **\$6.50 per dose**
- Minimises plumbing costs, repair bills and labour hours on dealing with urinal issues
- Lightweight compact product enables savings on transport & a reduced carbon footprint
- Remove blockages and eliminate odours quickly and simply. No intervention required
